

ERGOMAT® NITRIL

The perfect anti-fatigue solution for operating rooms, laboratories and food processing.

▶ Chemical resistance:

- Very good
- The ERGOMAT NITRIL will not be affected by most commonly used acids and bases.
- We will provide samples for chemical resistance testing with specific chemicals used in your facility.

▶ Cleaning:

- Withstands all types of cleaning including chemical, steam and high-pressure water cleaning
- Autoclavable at 250°F – must be laid out flat when cooling*
- ERGOMOP™ – Designed to clean the ERGOMAT primarily in cleanroom environments. May be used wet or dry.

▶ Weight:

- 1.3 pounds per square foot

▶ Specialty Applications:

- Cleanrooms: Class 100 (Fed. Sys. No. 209D)
- Static control: The ERGOMAT NITRIL is *not* a static control mat – point to point resistance > 10¹² ohm.
- Non-porous—will not trap bacteria

▶ Raw material:

- 100% virgin nitril rubber

▶ Thickness:

- 5/8"

▶ Temperature range:

- Constant: -40°F to 250°F
- Briefly: 1100°F

▶ Manufacturing quality:

- According to ISO 9001

* Contact Latta for details.

Please note that while the right mat can reduce the risk of slips and falls, no product can guarantee that accidents won't happen. Suitability to task in all aspects must be determined by you, the end-user, and Latta Equipment accepts no responsibility for damages involving the use of this product.

▶ Primary usage areas:

All areas where a high degree of cleanability is important:

- Hospital operating rooms
- Laboratories
- Food products manufacturing
- Commercial kitchens

▶ Non-slip properties:

- Very good
- 31° tilt on wet surface*

▶ Color:

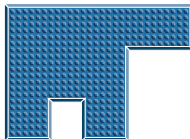

- Black
- Blue
- Green
- Gray

▶ Standard sizes (±3%):

- 2', 3' and 4' wide in length increments of 1' between 3' and 60'

▶ Custom sizes:

- We can supply any size or shape that you may require.

▶ Edge:

- Beveled on all sides unless otherwise specified

▶ Warranty:

- The ERGOMAT® NITRIL is guaranteed against defects in materials and workmanship for three years.*
