1. Covers are available for all standard ROPAK™ container footprints. They stack for space-saving storage and return shipment. All lids (except the 64.5" and the 70") have two recessed identification plate areas.

2

2. A Removable Hinge Rod allows an operator to completely remove a sidewall to gain access to the interior of a container in situations where the drop door is not big enough. Rods are available for: 3230 (32" side), 4548 25"-34" heights (48" side), 4048ns (48" side) and Extended Length (48" side).

3

3. Durable, smooth slip sheets are used to separate and protect your product layers and close the open-grid pallet base. They are available for the 3230, 4048ns, and 4548 models, loose or attached.

4

4. Vinyl identification plates are available in 11 background colors and one or two copy colors. They measure 3" x 6" and can accommodate company logos and bar codes.
